PROFESSIONAL EXPERIENCE

Capital One

Washington D.C

Senior Business Analyst (Partnership Acquisitions – Credit Growth)

April 2025 – Present

- Owned acquisition & lifecycle growth strategy across Partnerships, driving 33K annual bookings (~\$5M NPV) by optimizing the pre-approval acquisition funnel & expanding remarketing touchpoints across email, DM & digital channels.
- Shifted Partnerships acquisition strategy from partner-store channels to pre-screen, pre-approval & digital remarketing by building the investment case for senior leadership.
- Generated 12K annual account bookings (~\$1.5M NPV) by launching an application abandoner remarketing campaign & defining its go-to-market and targeting strategy.
- Increased marketable population 10x and doubled response rates (2.5% to 5%) by redesigning customer segmentation criteria & securing compliance approval for expanded targeting.
- Delivered \$7–10M incremental NPV through a 4–6% lift in application-to-booking conversion by identifying funnel drop-offs and driving UX experimentation across the customer journey.
- Generated 15–22K annual account bookings (~\$2–4M NPV) by launching a referral acquisition program & optimizing rewards, targeting, & digital channel placements.
- Rescued referral program NPV (~\$2.8M annually) by reducing unsubscribe rates by 72% through audience segmentation cuts & email cadence restructuring.
- Increased customer spend by 5% by designing a personalized cashback campaign that reinforced recurring card usage & cardmember engagement (EMOB Campaign).
- Architected real-time digital pre-screen capability (piloting at T-Mobile) by authoring FCRA-compliant policies that balance NAB growth objectives across direct mail, digital and in-store POS with credit-policy guardrails, achieving 75% CPAR.
- Mentored 2 junior analysts and managed 3 summer interns across campaign analytics, segmentation and remarketing programs, supporting their onboarding and day-to-day project delivery.
